

Wyndehaven Lake Estates Community Association, Inc.

Mailbox Replacement/Repair Information

Architectural Guideline for Mailboxes:

Mailbox maintenance and repair are the responsibility of each individual homeowner. Mailboxes appearance must be maintained in an as built condition with periodic painting and parts repair/replacement if needed.

Since most mailboxes are double boxes on a single pole shared by an adjacent property owner, maintenance and replacement issues shall be discussed by the property owners sharing the double mailbox, and agreement reached on sharing costs that reasonably should be shared depending on the maintenance or replacement requirement.

If replacement parts are required, the owner(s) may contact a Williamsburg mailbox distributor at www.perfectionsupply.com.

Perfection Supply Contact Information:

Main Line: 713-937-4575 www.perfectionsupply.com
